ANIMAL-SHAPED TRASH CANS

An animal shaped trash can is an ideal solution to help encourage young children to dispose of their trash correctly in both indoor & outdoor environments. The fun and colorful nature of the trash cans means that they are able to complement all areas for children. You can also personalize our animal shaped trash cans to feature your company logo, color and message.

CIGARETTE RECEPTACLES

Glasdon design and produce a range of cigarette units that can be situated in outdoor smoking areas, outside buildings, parks and sidewalks.

Within our range of cigarette waste containers, there are units that can be wall mounted as well as free standing. Having a cigarette unit mounted to a wall takes up very little space making it perfect for narrow footed areas. Help to reduce the cost of cleaning up cigarette butt litter for your organization by installing a cigarette ash receptacle.

PET WASTE STATIONS

Our selection of pet waste stations are popular for use in parks, on sidewalks and in bark parks. The clear decals help to encourage people to dispose of their dog poop correctly and the contemporary design of our dog waste units means that they complement existing landscapes easily.

OFF-LEASH DOG PARK RAISES THE 'BAR-K' IN NORTH CALDWELL

When Essex County Hilltop Reservation installed the Retriever City™ Pet Waste Station, they certainly weren't barking up the wrong tree.

Essex County's 240 acre Hilltop Reservation spans the borders of Cedar Grove, Verona, and the Caldwell.

The facility is divided into separate areas for large and small dogs, with an impressive 35,000 square feet in which doggies can delve. And, with a host of exciting apparatus on which your pooch can play, as well as a selection of nearby, scenic walking routes, the facility, along with its new dog poop stations, has proved to be a great addition to the local area.

Dog waste is actually toxic to grass, known to cause burns and unsightly discoloring. Beyond the grass, however, it gets worse. Estimates have shown that a single gram of dog waste can contain 23 million fecal coliform bacteria, which are known to cause cramps, diarrhea, intestinal illness, and serious kidney disorders in humans.* So, identifying the most appropriate form of dog waste receptacle a facility like Essex County Hilltop Reservation is a significant responsibility. Fortunately, at Glasdon, our pet waste solutions are never far-fetched.

Retriever City proved to be the perfect dog waste station for Essex County Hilltop Reservation, as its contemporary styling makes the unit ideal for dog parks, as well as surrounding urban areas. This pet waste solution doesn't just look good, though. The Retriever City Pet Waste Station also offers an integrated bag dispenser, and chute dispenser, all within the same unit, so you'll never need to worry about leaving your poop bags at home again!

LIFE RING CABINETS

Every Glasdon Guardian™ life ring cabinet has been designed to be both highly visible and resilient whilst protecting your important life-saving equipment. Our life ring holders are ideal for any area in which large amounts of water pose a danger such as harbors, beaches, lakefronts, swimming pools and water treatment plants.

You can be sure that a Glasdon life ring cabinet has been rigorously tested to provide peace of mind and provide a long service life, even in adverse weather. Don't forget you can also personalize your life ring cabinet with your organization's logo and life-saving instructions.

Ropemaster™

The Guardian life ring cabinet incorporates purpose designed Ropemaster, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick release system could save valuable seconds during rescue attempts.

GUARDING HOFFLER CREEK WILDLIFE RESERVE

Hoffler Creek is a beautiful 142-acre wildlife reserve situated at the mouth of the James River in Portsmouth, Virginia. With many schools, colleges and communities visiting each year, safety is of high importance. In order to help with water safety, the Glasdon Guardian life ring cabinets have been fitted near high-level water destinations around the lake at Hoffler Creek Wildlife Reserve. The life ring cabinet's resilient construction and toggle latch means that the unit doesn't open or damage during adverse weather conditions. The usage indicator makes it easy for the reserve's operators to inspect the unit's contents, reducing timely maintenance efforts. The reserve were also able to personalize their life ring cabinets to feature their organization logo, helping to create a recognizable and visible safety point.

GUIDE TO PERSONALIZATION & BRANDING

Personalizing our products is a popular choice among our customers and adds that personal touch to your waste management and recycling program. It is also an effective way of communicating your waste reduction messages and enhancing your facility.

Our experienced sales team will advise you on the personalization options of your chosen product.

We can also send you examples of some of our tried and tested visuals for a little inspiration.

Step 1. Choose from a wide range of products and personalization options including:

Branding, corporate color schemes, bespoke waste streams, campaign messaging and changeable poster kits.

Step 2. Selecting Standard Options

Many of our products offer standard decals and poster kits to choose from at the point of ordering. Simply select from the drop down menu the option you require on our website or contact our sales office for more information.

Step 3. Looking for Something Different?

If you would like to adapt a standard option by changing decal colors and waste streams or to include an element of branding, or perhaps you would like to create something completely unique, we can help. Our Sales team will be happy to learn more about your project and requirements. We will work with you to achieve the finish you require.

Step 4. Free Visualization Service

Our sales team will then liaise with our in-house graphics team to prepare a visual of the product with your chosen personalization, of which you're able to review and make changes to if required.

This is a free service offered to all Glasdon customers.

Step 5. Artwork Approval

We are committed to making sure the end result is exactly right for you. So when you are completely happy with the visual and have agreed any of the additional production costs, we will finalize and deliver your personalized order.

Helping you create impact, extend your brand and add value for your customers and visitors.
