CIGARETTE RECEPTACLES

Glasdon designs and produces a range of cigarette units which can be situated in outdoor smoking areas, outside buildings, and on sidewalks. Within our range of cigarette waste containers, there are units that can be wall mounted as well as free standing. Having a cigarette unit mounted to a wall takes up very little space, making it perfect for narrow-footed areas. Help to reduce the cost of cleaning up cigarette butt litter for your organization by installing a cigarette ash receptacle.

GUIDE TO PERSONALIZATION & BRANDING

Personalizing our products is a popular choice among our customers and adds that personal touch to your waste management and recycling program. It is also an effective way of communicating your waste reduction messages and enhancing your facility.

Our experienced sales team will advise you on the personalization options of your chosen product. We can also send you examples of some of our tried and tested visuals for a little inspiration.

Recycle Across America

We are proud to support the Recycle Across America campaign and have introduced the officially standardized labelling to a wide selection of our Recycling bin range.

Helping you create impact, extend your brand and add value for your customers and visitors.
