OUTDOOR TRASH CANS

Glasdon outdoor trash cans are designed in a choice of sizes, colors and styles, providing waste management solutions that will complement any landscape. Constructed from durable materials, these trash cans are low-maintenance, and designed to resist the effects of adverse weather conditions, corrosion and vandalism.

Glasdon Jubilee™ 29G Trash Can

Glasdon Jubilee™ 29G Trash Can

Glasdon Jubilee™ 29G Trash Can

Which Glasdon Jubilee™ Trash Can is the Perfect Fit for Your Environment?

When it comes to disposing of trash, we appreciate that different locations have different needs. Whether you require a larger capacity outdoor trash can for areas with high volumes of waste, or a more streamlined option for areas where space is a little more limited, Glasdon Jubilee trash cans provide an all-round solution.

Choose from the XL Glasdon Jubilee 80G or the more compact Glasdon Jubilee 29G

If you're looking for a large-capacity, polymer waste container, which has been specially designed for areas with high amounts of footfall traffic and trash hotspots, choose the Glasdon Jubilee 80G Trash Can.

If you're looking for a slightly more compact trash can, which still provides a durable, easy-to-maintain exterior alongside a traditional yet contemporary design, choose the Glasdon Jubilee 29G Trash Can.

The Glasdon Jubilee 29 Gallon Trash Can still offers all the impressive attributes of the 80G version, but on a more refined scale.

Glasdon Supplies City of Yonkers with Orbit

When it came to protecting the charm and individuality of Yonker's many neighborhoods, the Glasdon Orbit™ trash bag holder ticked a whole lot of boxes.

A busy, metropolitan city is likely to be short on space, so a trash can that has a sleek and streamlined footprint is always going to be a winner.

The lightweight, modestly sized Orbit trash bag holder is perfect on these fronts... but don't go thinking that that this trash receptacle is style over substance.

Despite an overall weight of just 5lbs (including lid), Orbit has a variable holding capacity, dependent on bag size, and most certainly holds its own in terms of toughness and durability.

INDOOR RECYCLING CONTAINERS

We design and manufacture a wide range of indoor recycling bins. Our recycling containers are available in a large selection of styles, materials and capacities to suit your requirements. Apertures and decals are available for various waste streams, which allow you to manage recycling waste more effectively.

NEW Nexus® Style 48G Duo Recycling Station

NEW Nexus® Style Range

The **Nexus Style** is a premium finish indoor recycling container aimed at offices and commercial environments which has the ability to accept vinyl wraps on the door to match interior décor.

Manufactured from an Armortec™ coated steel frame and Vandalex™ aluminum door extrusion, the Nexus Style combines functionality and strength with contemporary styling. The unit is designed for single-sided use featuring front door operation and a flat back. The Armortec-coated steel frame and bin body panels are 100% recyclable, making the Nexus Style recycling bin an environmentally friendly indoor recycling container.

The Nexus Style recycling bin has a striking design that provides a long service life and requires minimal maintenance. The Vandalex door has an anodized and polished graphite finish, contrasting with the Armortec-coated metallic gray steel frame to create an attractive, modern appearance. The smooth door offers a large surface onto which a collection of full vinyl wraps can be added to create a custom look.

If you wish to find out more about the decal options available for the Nexus Style range or would like to see how your chosen product would look with custom decals before ordering, please request a quote today.

A Stylish Recycling Solution for Chevron Phillips Chemical

The personalized Nexus® Style 48G recycling stations provide Chevron Phillips Chemical with a striking answer to waste management.

Blending personalized decals and modern designs, the Nexus Style met the company's desire for an eye-catching and efficient recycling waste management system. With 100% recyclable body panels, it matches the company's vision to be 'sustainably smart'.

Featuring two 24-gallon compartments, the Nexus Style 48G recycling station allows for the convenient and efficient collection of multiple waste streams. Practical and durable, the recycling unit is an environmentally friendly option for commercial recycling needs, and its contemporary aesthetic harmonizes with modern environments.

CUP RECYCLING STATIONS

Increase your disposable cup recycling rate with cup recycling stations by Glasdon. We offer purpose-designed cup recycling stations to help you implement an effective and successful cup recycling program.

Eco Nexus® Cup Recycling Station

The battle with the disposable coffee cup

Our on-the-go lifestyles and passionate love for caffeine makes using disposable cups a natural behavior for us. But it's thought that the average American office worker uses 500 disposable cups each year! And with approximately 332 million people in the USA, this waste can really start to add up.

The **Eco Nexus® Cup recycling station** is a cost-effective, space-saving solution to cup recycling and trash collection. Combining four waste streams in one unit, it can help increase your paper cup recycling rates whilst also reducing collection costs.

ANIMAL-SHAPED TRASH CANS

An animal-shaped trash can is an ideal solution to help encourage young children to dispose of their trash correctly in both indoor and outdoor environments. The fun and colorful nature of the trash cans means that they are able to complement all areas for children. You can also personalize our animal-shaped trash cans to feature your company logo, color and message.

Splash™ Trash Can

PET WASTE STATIONS

Our selection of pet waste stations is popular for use in parks, on sidewalks and in bark parks. The clear decals help to encourage people to dispose of their dog poop correctly and the contemporary design of our dog waste units means that they complement existing landscapes easily.

CIGARETTE RECEPTACLES

Glasdon designs and produces a range of cigarette units which can be situated in outdoor smoking areas, outside buildings, in parks and on sidewalks. Within our range of cigarette waste containers, there are units that can be wall mounted as well as free standing. Having a cigarette unit mounted to a wall takes up very little space, making it perfect for narrow-footed areas. Help to reduce the cost of cleaning up cigarette butt litter for your organization by installing a cigarette ash receptacle.

WATER SAFETY RESCUE EQUIPMENT

Help keep your environment safe and well protected with water safety equipment from Glasdon. Highly visible and resilient for a long service life, Glasdon ring buoy stations prevent theft and vandalism and are easy to position in any area where open water poses a danger. Our versatile life jacket boxes are designed and constructed with aesthetics, practicality and durability in mind to keep your vital, life-saving equipment well protected.

Guardian™ Life Ring Cabinet

NEW Guardian Short Angled Post Kit

How do Glasdon Life Ring Cabinets Protect Ring Buoys?

Manufactured with tough Durapol™ polymer, Guardian life ring cabinets are designed with features that deter thieves and vandals, while protecting the life-saving equipment inside from UV rays which can degrade its material over time.

In the event of an emergency in the water, access to a life preserver ring or other PFD with an attached floating throwing line is critical. For increased visibility, Guardian life ring cabinets are available in bright red and white, or yellow and white, to create an obvious contrast in color.

Designed for USCG Approved Ring Buoys

The size of life buoy you require may also depend on your own industry's guidelines and regulations.

Built-in Safety and Inspection Features

To increase the speed and ease of deploying the life preserver ring and rope, the Guardian life ring cabinet incorporates our purpose-designed Ropemaster™, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick release system could save valuable seconds during rescue attempts.

Easy to understand, step-by-step instructions with images show the user how to remove the ring buoy and rope quickly.

Guardian Life Ring Cabinets also feature an inspection indicator built in to aid quick and easy inspection. The white indicator appears in the window when the cabinet door has been opened.

Download our Buyer's Guide for step-by-step help in specifying your Guardian order at www.glasdon.com

Alarm Installation Kit

Optional security features include an alarm holder, used to fix a theft alarm or anti-tampering alarm to the cabinet to prevent vandalism or theft of life-saving equipment. The standard alarm holder can fit alarms up to 2" deep with a width of 5.9" and height of 5.5". If you require an alarm holder for an alarm with a depth greater than 2" and up to 4.7", please contact us today.

NEW

Please note: alarm is not included.

Nestor™ 106G Life Jacket Storage Box

Why choose a life jacket box from Glasdon?

Available in a slim and compact 42 gallon version or an extra-large 106 gallon option, both the Slimline™ and Nestor™ life jacket boxes make up part of the Glasdon water safety range.

Teaming eye-catching aesthetics with long-term durability

There's no denying that the striking, bright-red color of our life jacket storage containers are useful in an emergency, as they help easily locate your vital, life-saving equipment, but that's not all our containers have to offer.

The Nestor™ 106G life jacket box has a uniquely designed lid which can fully rotate, enabling quick and easy access to the valuable, life-saving equipment stored inside.

If space is more of a premium at your waterside environment, the Slimline™ 42G life jacket box is a great alternative. The narrow footprint of Slimline life jacket boxes allow them to be conveniently sited on narrow walkways, docks or marinas, whilst still offering a generous 42 gallon holding capacity.

Security and adding that individual touch

We appreciate that investing in a life jacket box is a serious responsibility, and the main priority is keeping your life jackets and safety equipment secure and well protected. To assist on this front, we offer the option of a lock to our life jacket storage containers, providing that extra level of security and peace of mind.

GUIDE TO PERSONALIZATION & BRANDING

Personalizing our products is a popular choice among our customers and adds that personal touch to your waste management and recycling program. It is also an effective way of communicating your waste reduction messages and enhancing your facility.

Our experienced sales team will advise you on the personalization options of your chosen product.

We can also send you examples of some of our tried and tested visuals for a little inspiration.

Step 1. Choose from a wide range of products and personalization options including:

Branding, corporate color schemes, bespoke waste streams, campaign messaging and changeable poster kits.

Step 2. Selecting Standard Options

Many of our products offer standard decals and poster kits to choose from at the point of ordering. Simply select the option you require from the drop-down menu on our website, or contact our sales office for more information.

Step 3. Looking for Something Different?

If you would like to adapt a standard option by changing decal colors and waste streams, include an element of branding, or create something completely unique, we can help. Our sales team will be happy to learn more about your project and requirements. We will work with you to achieve the finish you require.

Step 4. Free Visualization Service

Our sales team will then liaise with our in-house graphics team to prepare a visual of the product with your chosen personalization, which you're able to review and make changes to if required.

This is a free service offered to all Glasdon customers.

Step 5. Artwork Approval

We are committed to making sure the end result is exactly right for you. When you are completely happy with the visual and have agreed any of the additional production costs, we will finalize and deliver your personalized order.

Helping you create impact, extend your brand and add value for your customers and visitors.

For a unique personalization service with a quality by design finish... talk to us today!
