

# Focus on Open Spaces

[www.glasdon.com](http://www.glasdon.com)

## *Trash Cans*

The Glasdon range of outdoor trash cans are designed in a choice of sizes, colors and styles, providing waste management solutions that will complement any external location. Constructed from durable materials, these low-maintenance and robust trash cans are designed to resist the effects of adverse weather conditions, corrosion and vandalism.

Canyon™ Trash Can

Canyon™ Trash Can

## Which Glasdon Jubilee™ Trash Can is the Perfect Fit for Your Environment?

When it comes to disposing of trash, we appreciate that different locations have different needs. Whether you require a larger capacity outdoor trash can for areas with high volumes of waste, or a more streamlined option for areas where space is a little more limited, Glasdon Jubilee Trash Cans provide an all-round solution.

**Choose from the XL Glasdon Jubilee 80G, or the more compact Glasdon Jubilee 29G**

If you're looking for a large capacity, polymer waste container, which has been specially designed for areas with high numbers of footfall traffic and trash hotspots, choose the Glasdon Jubilee 80G Trash Can.

If you're looking for a slightly more compact trash can which still provides a durable, easy-to-maintain exterior, alongside a traditional yet contemporary design, choose the Glasdon Jubilee 29G Trash Can.

The Glasdon Jubilee 29 Gallon Trash Can still offers all the impressive attributes of the 80G version, just on a more refined scale.

## *Animal-Shaped Trash Cans*

An animal shaped trash can is an ideal solution to help encourage young children to dispose of their trash correctly in both indoor & outdoor environments. The fun and colorful nature of the trash cans means that they are able to complement all areas for children.

You can also personalize our animal shaped trash cans to feature your company logo, color and message.

## *Cigarette Receptacles*

Glasdon design and produce a range of cigarette units that can be situated in outdoor smoking areas, outside buildings, parks and sidewalks. Within our range of cigarette waste containers, there are units that can be wall mounted as well as free standing. Having a cigarette unit mounted to a wall takes up very little space making it perfect for narrow footed areas. Help to reduce the cost of cleaning up cigarette butt litter for your organization by installing a cigarette ash receptacle.

## *Pet Waste Stations*

Our selection of pet waste stations are popular for use in parks, on sidewalks and in bark parks. The clear decals help to encourage people to dispose of their dog poop correctly and the contemporary design of our dog waste units means that they complement existing landscapes easily.

## Off-leash dog park raises the 'bar-k' in North Caldwell

When Essex County Hilltop Reservation installed the Retriever City™ Pet Waste Station, they certainly weren't barking up the wrong tree. Essex County's 240 acre Hilltop Reservation spans the borders of Cedar Grove, Verona, and the Caldwell.

The facility is divided into separate areas for large and small dogs, with an impressive 35,000 square feet in which doggies can delve. And, with a host of exciting apparatus on which your pooch can play, as well as a selection of nearby, scenic walking routes, the facility, along with its new dog poop stations, has proven to be a great addition to the local area.

Dog waste is actually toxic to grass, known to cause burns and unsightly discoloring. Beyond the grass, however, it gets worse. Estimates have shown that a single gram of dog waste can contain 23 million fecal coliform bacteria, which are known to cause cramps, diarrhea, intestinal illness, and serious kidney disorders in humans.\* So, identifying the most appropriate form of dog waste receptacle for a facility like Essex County Hilltop Reservation is a significant responsibility. Fortunately, at Glasdon, our pet waste solutions are never far-fetched.

Retriever City proved to be the perfect dog waste station for Essex County Hilltop Reservation, as its contemporary styling makes the unit ideal for dog parks, as well as surrounding urban areas. This pet waste solution doesn't just look good, though. The Retriever City Pet Waste Station also offers an integrated bag dispenser, and chute dispenser, all within the same unit, so you'll never need to worry about leaving your poop bags at home again!

## Water Safety Rescue Equipment

Help keep your environment safe and well-protected, with water safety equipment from Glasdon. Highly visible and resilient for a long service life, Glasdon ring buoy stations prevent theft or vandalism and are easy to position in any area where open water poses a danger.

Our versatile life jacket boxes are designed and constructed with aesthetics, practicality and durability in mind to keep your vital life-saving equipment well protected.

Guardian™ Life Ring Cabinet

**NEW** Guardian Short Angled Post Kit

## Ropemaster™

The Guardian life ring cabinet incorporates our purpose-designed Ropemaster, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick release system could save valuable seconds during rescue attempts.

## Alarm Installation Kit

**NEW**

Optional security features include an Alarm Holder, used to fix a theft alarm or anti-tampering alarm to the cabinet to prevent vandalism or theft of life-saving equipment. The standard alarm holder can fit alarms up to 2" deep with a width of 5.9" and height of 5.5". If you require an Alarm Holder for an alarm with a depth greater than 2" and up to 4.7", please contact us today.

Please note: alarm is not included.

## Housing Sizes

Guardian™ Life Ring Cabinet is available in a choice of 2 sizes, which allows the flexibility to house the most appropriate sized buoy to the risk area.

## Guardian™ Planted in North America's Oldest Botanic Garden

Located in Southwest Philadelphia, Bartram's Garden is a 50-acre home for horticulture, the first nationally landmarked landscape and the oldest surviving botanic garden in North America. As the garden is situated beside the Schuylkill River and features a public dock where visitors can enjoy boating and fishing, adequate water safety was required.

Guardian™ Life Ring Cabinets were chosen as the perfect fit for Bartram's Garden. Guardian Life Ring Cabinets provide a highly visible and reliably durable protective station for a USCG-approved life ring or torpedo buoy. The Cabinets have been strategically placed in popular areas along the river to protect and serve guests of the gardens.

The botanic garden itself was established by the Bartram family in the 1700s, designated a public park by the city of Philadelphia in 1891 and has been preserved ever since then by the descendants of John Bartram himself.

Today, the Garden welcomes more than 100,000 annually, sustained by dedicated volunteers, professional staff and visionary partners. Whilst it features a whole host of activities and areas to explore, they invite you to find your own path, favorite plant or place of discovery.

## Guide To Personalization & Branding

Personalizing our products is a popular choice among our customers and adds that personal touch to your waste management and recycling program. It is also an effective way of communicating your waste reduction messages and enhancing your facility.

Our experienced sales team will advise you on the personalization options of your chosen product.

We can also send you examples of some of our tried and tested visuals for a little inspiration.

### Step 1. Choose from a wide range of products and personalization options including:

Branding, corporate color schemes, bespoke waste streams, campaign messaging and changeable poster kits.

### Step 2. Selecting Standard Options

Many of our products offer standard decals and poster kits to choose from at the point of ordering. Simply select from the drop down menu the option you require on our website or contact our sales office for more information.

### Step 3. Looking for Something Different?

If you would like to adapt a standard option by changing decal colors and waste streams or to include an element of branding, or perhaps you would like to create something completely unique, we can help. Our Sales team will be happy to learn more about your project and requirements. We will work with you to achieve the finish you require.

## Step 4. Free Visualization Service

Our sales team will then liaise with our in-house graphics team to prepare a visual of the product with your chosen personalization, of which you're able to review and make changes to if required.

This is a free service offered to all Glasdon customers.

## Step 5. Artwork Approval

We are committed to making sure the end result is exactly right for you. So when you are completely happy with the visual and have agreed any of the additional production costs, we will finalize and deliver your personalized order.

Helping you create impact, extend your brand and add value for your customers and visitors.

For a unique personalization service with a quality by design finish... talk to us today!
