Retriever City™ Pet Waste Station

PET WASTE STATIONS

Our selection of pet waste stations are popular for use in parks, on sidewalks and in bark parks. The clear decals help to encourage people to dispose of their dog poop correctly and the contemporary design of our dog waste units means that they complement existing landscapes easily.

CIGARETTE RECEPTACLES

Glasdon design and produce a range of cigarette units that can be situated in outdoor smoking areas, outside buildings, parks and sidewalks.

Within our range of cigarette waste containers, there are units that can be wall mounted as well as free standing. Having a cigarette unit mounted to a wall takes up very little space making it perfect for narrow footed areas. Help to reduce the cost of cleaning up cigarette butt litter for your organization by installing a cigarette ash receptacle.

OUTDOOR RECYCLING CONTAINERS

We supply an extensive range of outdoor recycling containers, ideal for collecting various waste streams in exterior environments. The resilience and durability of our outdoor recycling bins means that they are able to withstand adverse weather conditions as well as being corrosion, rust and chip resistant.

INDOOR RECYCLING CONTAINERS

Our indoor recycling bins are available in a variety of styles, streams and capacities to make creating a recycling station as easy as possible. Many of our customers choose to personalize their products with their logo, colors and slogans. We can even customize your recycling bins to create bespoke waste streams to suit your recycling program.

LIFE RING CABINETS

Every Glasdon Guardian™ life ring cabinet has been designed to be both highly visible and resilient whilst protecting your important life-saving equipment. Our life ring holders are ideal for any area in which large amounts of water pose a danger such as harbors, beaches, lakefronts, swimming pools and water treatment plants.

You can be sure that a Glasdon life ring cabinet has been rigorously tested to provide peace of mind and provide a long service life, even in adverse weather. Don't forget you can also personalize your life ring cabinet with your organization's logo and life-saving instructions.

Ropemaster™

The Guardian life ring cabinet incorporates our purpose-designed Ropemaster, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick release system could save valuable seconds during rescue attempts.

Usage Indicator

The usage indicator allows for quick and easy inspection of the life ring cabinet, helping to minimize maintenance.

This inspection aid is easy to reset after the housing has been opened.

Alarm Installation Kit

NEW

Optional security features include an Alarm Holder, used to fix a theft alarm or anti-tampering alarm to the cabinet to prevent vandalism or theft of life-saving equipment. The standard alarm holder can fit alarms up to 2" deep with a width of 5.9" and height of 5.5". If you require an Alarm Holder for an alarm with a depth greater than 2" and up to 4.7", please contact us today.

Please note: alarm is not included.

GUIDE TO PERSONALIZATION & BRANDING

Personalizing our products is a popular choice among our customers and adds that personal touch to your waste management and recycling program. It is also an effective way of communicating your waste reduction messages and enhancing your facility.

Our experienced sales team will advise you on the personalization options of your chosen product.

We can also send you examples of some of our tried and tested visuals for a little inspiration.

Step 1. Choose from a wide range of products and personalization options including:

Branding, corporate color schemes, bespoke waste streams, campaign messaging and changeable poster kits.

Step 2. Selecting Standard Options

Many of our products offer standard decals and poster kits to choose from at the point of ordering. Simply select from the drop down menu the option you require on our website or contact our sales office for more information.

Step 3. Looking for Something Different?

If you would like to adapt a standard option by changing decal colors and waste streams or to include an element of branding, or perhaps you would like to create something completely unique, we can help. Our Sales team will be happy to learn more about your project and requirements. We will work with you to achieve the finish you require.

Step 4. Free Visualization Service

Our sales team will then liaise with our in-house graphics team to prepare a visual of the product with your chosen personalization, of which you're able to review and make changes to if required.

This is a free service offered to all Glasdon customers.

Step 5. Artwork Approval

We are committed to making sure the end result is exactly right for you. So when you are completely happy with the visual and have agreed any of the additional production costs, we will finalize and deliver your personalized order.

Helping you create impact, extend your brand and add value for your customers and visitors.
