Life Ring Cabinets

Every Glasdon Guardian™ life ring cabinet has been designed to be both highly visible and resilient whilst protecting your important life-saving equipment. Our life ring holders are ideal for areas where large amounts of water pose a danger such as harbors, beaches, lakefronts, swimming pools and water treatment plants.

Guardian 30° Pole Mounted with Personalisation

Guardian 30° Pole Mounted

Ropemaster™

The Guardian life ring cabinet incorporates purpose-designed Ropemaster, which allows the buoy and rope to be removed from the cabinet in one movement using only one hand. This quick-release system could save valuable seconds during rescue attempts.

Indicator shows cabinet **HAS NOT** been opened.

Indicator shows cabinet **HAS** been opened.

Usage Indicator

The usage indicator allows for quick and easy inspection of the life ring cabinet, helping to minimize maintenance.

This inspection aid is easy to reset after the housing has been opened.

Alarm Installation Kit

NEW

Optional security features include an alarm holder used to fix a theft alarm or anti-tampering alarm to the cabinet, to prevent vandalism or theft of life-saving equipment. The standard alarm holder can fit alarms up to 2" deep with a width of 5.9" and height of 5.5". If you require an alarm holder for an alarm with a depth greater than 2" and up to 4.7" please contact us today.

Please note: alarm is not included.

Housing Sizes

Guardian is available in a choice of 2 sizes, which allows the flexibility to house the most appropriate sized buoy to the risk area.

Guardian life ring cabinets make it to Tampa Bay

Tampa is the third largest city in Florida, after Miami and Jacksonville, with Tampa Bay being the largest port in the state. Such a location requires industry-leading, reliable, water safety equipment, and that's exactly where we specialize.

Why did the City of Tampa choose Guardian Life Ring Cabinets?

As well as being a populous city where many people reside, Tampa is also home to a number of vibrant and engaging tourist attractions - from arts and entertainment, to museums, cuisine and regular, city-wide events.

A notable event is the annual Gasparilla Pirate Festival - a pirate-themed mock invasion, which attracts hundreds of thousands of visitors to the city each year.

Guardian life ring cabinets immediately proved to be a natural fit. Easily accessible, strikingly visible and impressively durable, our vital equipment offers a practical solution when ensuring water safety remains high on the agenda.

Friends of the Riverwalk - enhancing Tampa City Center

Guardian™ life ring cabinets are also assisting the aims and aspirations of the Friends of the Riverwalk. This non-profit organization is working with the city of Tampa to transform downtown's waterfront into an active, pedestrian-friendly environment for commerce, transportation, entertainment and fitness.

Glasdon Guards the Waterways of Lake Michigan

The Guardian™ 24 Life Ring Cabinet with United States Coast Guard (USCG) approved life ring and rope helps protect the residents of Michigan City, Indiana.

Strong, durable, and corrosion-resistant, the Guardian Life Ring Cabinets house and protect lifesaving USCG-approved life rings and ropes.

With a population of over 30,000, Michigan City sits within LaPorte County, Indiana. Located next to the popular tourist destination Lake Michigan, Michigan City required a durable life ring housing solution. Our answer - The Guardian™ Life Ring Cabinet.

Spacing the highly visible cabinets along the Lake Michigan waterfront, Michigan City was pleased with the outstanding durability and additional security features of the Guardian 24 Life Ring Cabinets.

What else does the Guardian Life Ring Cabinet have to offer?

- Manufactured from tough, vandal and weather resistant Durapol™ polymer.
- Ropemaster quick release rope management system - accepts various diameters of rope in lengths up to 164'.
- Easy-to-follow instructions.
- Toggle latch – holds the lid securely closed, but enables quick and easy access in an emergency.
- Environmentally friendly – Guardian life ring cabinets are recyclable at the end of service life.
- Various fixing options, including wall, rail, and pole.
- Personalization options ranging from safety instructions and warnings to company or authority branding.

Guardian 24" in Yellow on an existing pole

Life Jacket Storage Boxes

Keep your vital life-saving equipment well protected with Glasdon life jacket storage boxes. Our versatile life jacket boxes are designed and constructed with aesthetics, practicality and durability in mind.

Slimline™ 42G Life Jacket Storage Box

Nestor™ 106G Life Jacket Storage Box

Why choose a life jacket box from Glasdon?

Available in a slim and compact 42 gallon version, or an extra-large 106 gallon option, both the Slimline™ and Nestor™ life jacket boxes make up part of the Glasdon water safety range.

Teaming eye-catching aesthetics with long-term durability

There's no denying that the striking, bright red color of our life jacket storage containers are useful in an emergency, as they help easily locate your vital, life-saving equipment, but that's not all our containers have to offer.

The Nestor™ 106G life jacket box has a uniquely designed lid, which can fully rotate, enabling quick and easy access to the valuable, life-saving equipment stored inside.

If space is more of a premium at your waterside environment, the Slimline™ 42G life jacket box is a great alternative. The narrow footprint of Slimline life jacket boxes allow them to be conveniently sited on narrow walkways, docks or marinas, whilst still offering a generous 42 gallon holding capacity.

Security, and adding that individual touch

We appreciate that investing in a life jacket box is a serious responsibility, and the main priority is keeping your life jackets and safety equipment secure and well protected. To assist on this front, we offer the option of a lock to our life jacket storage containers, providing that extra level of security and peace of mind.

Guardian 24" with 24" Life Ring

Life Rings

USCG Type IV approved, Glasdon life rings are an ideal buoyancy aid for use around any location where there is a drop to the water. The life rings are available in a 24" or 30" size and can be stored in the protective Guardian life ring cabinets.

24" USCG Approved Life Ring with 100' Rope

30" USCG Approved Life Ring with 100' Rope

Personalization

At Glasdon we understand the importance of aesthetics which is why we offer the opportunity to incorporate your company logo, brand and colors onto your chosen products. We can provide you with a free-of-charge illustration so you can see exactly how your product will look before you place your order.
